Dariusz Czuchaj
Managing Partner
Synthetic Law

Attorney-at-law and expert in the field of new technologies law, Dariusz Czuchaj supports companies in creating and scaling solutions that comply with global regulations. His particular focus is the automotive sector, mobility and defence. As an AI, data and software-defined-systems project consultant, he combines business perspectives with security and accountability requirements. He has been recognised as a recommended lawyer in Poland on multiple occasions in the Chambers and Partner TMT: Data Protection ranking.

SYNTHETIC LAW
