Mateusz Rakusa-Suszczewski

IS/IT Director for CEE Region
Renault Polska sp. z o.o.

An experienced IT and business leader, Mateusz Rakusa-Suszczewski has a strong background in international project coordination and digital transformation. As Renault Polska's IS/IT Director for the CEE region, he drives technology strategies that enhance customer satisfaction, optimise business processes and ensure secure, data-driven operations. He combines extensive expertise in project management, ITIL-based service delivery and managing geographically distributed teams to successfully lead complex initiatives across diverse markets.
